## **Travel Information – TSA:**

### **TSA Expands Wounded Warrior Security Program to All Veterans**

Many Paralyzed Veterans of America (Paralyzed Veterans) members have made complaints about problems with airport security, such as being requested to get out of their wheelchairs, remove their shoes, or display personal medical devices. Now an existing Transportation Security Administration (TSA) program for injured service members has been expanded to permit all veterans to proceed through security safely and with dignity.

The veteran or service member should contact the Operations Center's 24–72 hours before a confirmed flight at the toll-free number (888) 262-2396 with flight information. The passenger may also email the call center at [MSIJSOC@DHS.GOV](mailto:MSIJSOC@DHS.GOV) with the itinerary. Callers will be connected to a TSA liaison officer who will notify security officials as described above. The hotline will not be able to assist if the call is more than 72 hours or less than 24 hours before the flight is scheduled to leave before the flight is scheduled to leave. If you need special assistance, e.g., cart transportation to your gate, you may also inquire same in your phone call/email, as well as, at your departure gate.
